

## About the “Lietuvos Valsčiai” series

Established in 1994 the Versmė Publishing House, a serial book publisher, is dealing with preparation and publishing of monograph series only under the title of “Lietuvos Valsčiai” devoted for Lithuania’s Millennium celebrated in 2009, the 750<sup>th</sup> anniversary of the creation of the Lithuanian State (1253–2003) and starting from the 15<sup>th</sup> monograph of “Gelvonai” also for the Centenary of the Restoration of the Lithuanian State to be celebrated in 2018. The books published are also dedicated to other anniversaries of historical events important to the state, its towns and settlements.

The celebration of the Millennium of the first reference to Lithuania in written historical sources is reasonable to relate with more modest jubilees of its towns and townships and give an implication to these anniversaries of their first written reference by a written word—a book.

In pre-war Lithuania there were more than 400 rural districts (*valsčiai*), which were later replaced by neighbourhoods (*seniūnijos*) numbering now about 300. With a hope that our capacities will enable us to publish books about the majority of them, we kindly invite culture institutions, district governments, neighbourhoods, local activists, local lore investigators, state men, culture activists, sponsors and all writers to join, without hesitation, the team preparing and publishing the hundred volumes of the "Lietuvos Valsčiai" series about Lithuanian history and traditional culture. A great work to last several decades is waiting for you.
